ZTP (BREED SURVEY)

ZUCHTTAUGLICHKEITSPRÜFUNG

A Rottweiler breed survey (ZtPr) is a test designed to select those Rottweilers that are worthy of being bred. The Rottweiler Club of Canada is sponsoring an ADRK Judge to perform this breed test here in Canada. There will be a written evaluation of the whole dog. Not just conformation, but the temperament and character as well.

THE REQUIREMENTS

- ✓ Minimum Age of 18 months.
- ✓ A weight certificate from a Veterinarian no more than 10 days old.
- ✓ Hip certification from an internationally recognized registry (ie: OFA, OVC, ADRK etc.)
- ✓ Dog must have visible tattoo (or microchip with Vet certificate)
- ✓ You must provide proof of dog's BH ("B") Title.

Photocopies of the above required documentation must be submitted with your entry form, and you must have originals with you at the show.

CANADIAN KENNEL CLUB CANINE GOOD NEIGHBOUR (CGN)

-Cost of the test is \$25.00 made payable to 'Johnna Glover'

-To register please contact: Johnna Glover 613-257-7773

jhglover@sympatico.ca (Early registration is highly recommended)

-We will take same day sign-up if spaces are available (which will be on a first come first served basis).

-Open to all breeds of dogs, not just Rottweilers.

The purpose of the Canine Good Neighbour Program is to ensure that one of our most favoured companions, the dog, is accepted as a valued member of our communities right across the country. Canine Good Neighbours can be counted on to present good manners at home, in public places and in the presence of other dogs.

The training program embraces both purebred and mixed-breed dogs and is fun, rewarding, and useful. It encourages owners to have a better and richer relationship with their dogs. The program also enhances community awareness of responsible dog ownership and the numerous benefits associated with dog ownership.

The test is a non-competitive evaluation that allows dog and handler to demonstrate confidence and control in 12 steps. It assesses the handler and dog's relationship, together with the handler's ability to control the dog. Dogs are evaluated on their ability to perform basic exercises as well as their ability to demonstrate good manners in everyday situations.

The Test Includes:

- ✓ Accepting a friendly stranger talking to the handler
- ✓ Politely accepting petting by the friendly stranger
- ✓ Allowing someone to examine the dog's feet and ears and briefly brush the dog
- ✓ Walking politely on a loose leash
- ✓ Walking politely on a loose leash through a crowd
- ✓ Sit/down on command and stay in place on a 6 m line
- ✓ Come when called on a 6 m line
- ✓ Calm down after a 10 second play session
- ✓ Polite behaviour in the presence of another dog
- ✓ Confidence around visual and auditory distractions
- ✓ Being left alone with someone for 3 minutes with owner out of sight
- ✓ Waiting for the handler to allow them through a gate

The handler may speak to and encourage the dog throughout exercise except the out of sight test.

Required Equipment and Material:

- Proof of vaccination certificate
- Dog license
- A leash not less than 2 feet and no more than 6 feet
- Collar types - well fitting slip collar, buckle or martingale made of fabric, leather or chain
- A grooming tool (either comb or brush)
- For CKC registered dogs please bring proof of registration.

TEMPERAMENT TEST ASSOCIATES TEMPERAMENT TEST (TT)

TT EVALUATOR: OLGA GAGNE

-Cost of the test is \$35.00 made payable to 'Johnna Glover'

-Early registration is highly recommended. (see page 3 for contact information)

-We will take same day sign-up if spaces are available (which will be on a first come first served basis).

-Open to all breeds of dogs, not just Rottweilers.

The temperament test is designed for dogs at least 12 months of age. The method of administration is concise and complete using simple but logical guidelines.

These temperament evaluations show a dog's reaction to his environment. A dog has either good temperament or not, no matter what breed! But all breeds of dogs do show a different disposition as part of the characteristics of that particular breed.

Testers evaluate the dog's reactions at each of the 10 subtests. A walk through may be provided. At that time questions may be asked.

During the test, dogs are on a choke-type collar and a 6 ft. lead. They may not be under any kind of command or attempted influence by the handler.

The character and/or disposition of all breeds of dogs varies depending on what they were meant to be used for. ie. herding, sledding, hunting, working or guarding. But GOOD TEMPERAMENT IS GOOD TEMPERAMENT and BAD TEMPERAMENT IS BAD TEMPERAMENT - IN ANY DOG OF ANY BREED. In these evaluations all dogs are judged according to their age, breed and socialization.

The owner of each dog passing the testing requirements will receive a certificate with the dog's name and breed designation. The dog's name may now be listed with the letters TT after the dog's name.

THE TEN SUBTESTS

TESTS #1, #2, #3 - Behaviour Toward Strangers

Objective: To determine the dog's reaction to strangers in a non-threatening situation.

TEST#1 Neutral Stranger - A stranger approaches but ignores the dog.

TEST #2 Friendly Stranger - A stranger approaches and is friendly to the dog.

TEST #3 Crowd - The dog is surrounded by a group of people.

TESTS #4, #5 - Reaction to Acoustic Stimuli

Objective: To test the dog's reaction to two acoustic stimuli, and to measure the dog's investigative behaviour. This test shows alertness and curiosity.

TEST #4 Hidden Clattering - A noise is heard but not seen.

TEST #5 Gun Test - A gun is fired out of sight of the dog.

Test #6 - Reaction to a Visual Stimulus

Objective: To test the dog's reaction to a sudden visual stimulus. To measure the dog's investigative behaviour and the startle-recovery time.

Test #6 Umbrella Test - An umbrella is opened in the dog's line of vision.

Test #7 - Reaction to Unusual Footing

Objective - To measure the dog's reaction to unusual footing.

Test #7 Footing - The dog is walked over an uncomfortable surface.

Test #8, #9, #10 - Self Protectiveness/Aggressive Reaction

Objective - To test the dog's capacity to focus on an unusual stimulus (#8), to recognize a threat (#9), and to react in the face of a threat (#10).

Test #8 Recognizes Stimuli - The dog notices unusual behaviour in its line of vision.

Test #9 Recognizes Threat - The unusual behaviour approaches the dog.

WHAT IS A SIEGER SHOW?

The word "Sieger" means "Champion" in German. The winner of a Sieger Show is therefore the dog that is the most beautiful of the most conformationally correct on the day of the show. The most beautiful male wins the "Sieger" title and the most beautiful female wins the "Siegerin" title. Dogs that are less than 24 months do not qualify for the coveted "Sieger and Siegerin" titles, however, if they are between 12-24 months, they do compete for the "Youth Sieger and Youth Siegerin" titles. Each dog entered in the show is given a written assessment (critique) by a respected and knowledgeable Judge of Rottweilers. The critique describes the dog's features from head to tail. The dogs must be shown in their natural state (ie: no clipping of hair is allowed) and the Judge usually moves them more than in a CKC or AKC type conformation show. This is why there is no dress code for the handlers. We recommend handlers wear clothes and footwear that will allow them to run comfortably. If you've never seen one or shown in a German style Sieger Show, don't miss the opportunity to experience it. Feel free to contact us if you have any questions.

ABOUT OUR CLUB

The Rottweiler Club of Canada Inc. is the only recognized North American Rottweiler Club that is a member of it's National Registration Association (Canadian Kennel Club/CKC) and is recognized as the National Breed Club for Rottweilers in Canada.

Whichever it may be, we invite you to see what the RCC can offer you.

By joining, you will have a say in how the RCC promotes and safeguards our breed. As a member, you also have the ability to help bring shows, trials and public education events to your area under the umbrella of the RCC.
